

Kimberly is a board-certified Family Nurse Practitioner with a strong foundation in critical care and a passion for preventative health. She earned her Bachelor of Science in Nursing from the University of Texas Health Science Center in San Antonio, graduating magna cum

laude, and completed her Master of Science in Nursing at Texas A&M University–Corpus Christi. Upon graduation, she was awarded the Outstanding Graduate Student Award. With over a decade of experience in the ICU as both a bedside and charge nurse, Kimberly witnessed firsthand how many chronic illnesses could have been prevented with earlier intervention. This inspired her to pursue advanced practice, with the goal of helping patients stay well and avoid serious complications through comprehensive primary care.

Career & Family

As a nurse practitioner since 2013, Kimberly has worked across various healthcare settings including internal medicine, hospice, psychiatric care, long-term acute care, and skilled nursing facilities. She is committed to providing thoughtful, personalized care and values building long-term relationships with her patients.

Outside of work, Kimberly enjoys spending time with her husband and two children, attending church, reading, treasure-hunting at rummage sales, and cheering from the sidelines at her kids' sporting events.
